ANNEX

Establishment of the list of speakers and organization of the round tables for the Millennium Summit of the United Nations

A

1. The list of speakers for the Millennium Summit will be established on the basis of six meetings. At the opening meeting, on Wednesday, 6 September 2000, the first speakers will be the two Co-Chairpersons of the Millennium Summit, the Secretary-General and the head of State or head of the delegation of the host country of the Organization. Therefore, the opening meeting will have 32 speaking slots. The morning meetings of Thursday, 7 September 2000, and Friday, 8 September 2000, will have 40 speaking slots. The Wednesday and Thursday afternoon meetings will have 30 speaking slots. The Friday afternoon meeting will have 20 speaking slots since the last hour will be devoted to the closing of the Millennium Summit.

2. The list of speakers for the Millennium Summit will be established initially as follows:

   (a) The representative of the Secretary-General will draw one name from a box containing the names of all Member States, the Holy See and Switzerland, in their capacity as observer States, and Palestine, in its capacity as observer. This procedure will be repeated until all names have been drawn from the box, thus establishing the order in which participants will be invited to choose their meetings and select their speaking slots.

   1 Ibid.

(b) Consultations will continue regarding the possible participation of one or more representatives of intergovernmental organizations, parliaments and civil society;

(c) Six boxes will be prepared, each one representing a meeting and each one containing numbers corresponding to speaking slots at that meeting;

(d) Once the name of a Member State, observer State, or Palestine, in its capacity as observer, has been drawn by the representative of the Secretary-General, that Member State, observer State, or Palestine, in its capacity as observer, will be invited first to choose a meeting and then to draw from the appropriate box the number indicating the speaking slot in the meeting.

3. The establishment of the initial list of speakers for the Millennium Summit as outlined in paragraph 2 above will take place at a meeting to be scheduled as soon as possible during the month of May 2000.

4. Subsequently, the list of speakers for each meeting will be rearranged in accordance with the established practice of the General Assembly when organizing each category of speakers, following the order resulting from the selection process outlined in paragraph 2 above:

- Heads of State will thus be accorded first priority, followed by heads of Government; vice-presidents, crown princes/princesses; the highest-ranking official of the Holy See and Switzerland, in their capacity as observer States, and Palestine, in its capacity as observer; ministers; and permanent representatives;

- In the event that the level at which a statement is to be made is subsequently changed, the speaker will be moved to the next available speaking slot in the appropriate category at the same meeting;

- Participants may arrange to exchange their speaking slots in accordance with the established practice of the General Assembly;

- Speakers who are not present when their speaking turn comes will be automatically moved to the next available speaking slot within their category.

5. In order to accommodate all speakers at the Millennium Summit, statements should be limited to five minutes, on the understanding that this will not preclude the distribution of more extensive texts.

6. The four round tables will have at least 40 seats each and will be chaired by a head of State or Government.

7. The chairpersons of three of the round tables will be from the three regions not represented by the two Co-Chairpersons of the Millennium Summit. Those three chairpersons will be selected by their respective regional groups in consultation with the President of the General Assembly. The choice of chairperson of the fourth round table will be subject to further consultations.

8. Following the selection of the chairpersons of the round tables, each regional group will determine which of its members will participate in each round table, ensuring that equitable geographical distribution will be maintained, allowing for some flexibility. The chairpersons of the regional groups will communicate to the President of the General Assembly the list of countries from their respective regions that will participate in each round table. Member States are encouraged to be represented at the round tables at the level of heads of State or Government.

9. All four round tables will cover the same overarching theme and sub-themes.

**RESOLUTION 54/263**

Adopted at the 57th plenary meeting, on 25 May 2000, without a vote, on the basis of draft resolution A/54/L.84, recommended by the Economic and Social Council

54/263. Optional protocols to the Convention on the Rights of the Child on the involvement of children in armed conflict and on the sale of children, child prostitution and child pornography

The General Assembly,

Recalling all its previous resolutions on the rights of the child, in particular its resolution 54/149 of 17 December 1999, in which it strongly supported the work of the open-ended inter-sessional working groups and urged them to finalize their work before the tenth anniversary of the entry into force of the Convention on the Rights of the Child,³

Expressing its appreciation to the Commission on Human Rights for having finalized the texts of the two optional protocols to the Convention on the Rights of the Child on the involvement of children in armed conflict and on the sale of children, child prostitution and child pornography,

Conscious of the tenth anniversaries, in the year 2000, of the World Summit for Children and the entry into force of the Convention on the Rights of the Child and of the symbolic and practical importance of the adoption of the two optional protocols to the Convention on the Rights of the Child before the special session of the General Assembly for the follow-up to the World Summit for Children, to be convened in 2001,

³ Resolution 44/25, annex.
I. Resolutions adopted without reference to a Main Committee

Adhering to the principle that the best interests of the child are to be a primary consideration in all actions concerning children,

Reaffirming its commitment to strive for the promotion and protection of the rights of the child in all avenues of life,

Recognizing that the adoption and implementation of the two optional protocols will make a substantial contribution to the promotion and protection of the rights of the child,

1. Adopts and opens for signature, ratification and accession the two optional protocols to the Convention on the Rights of the Child on the involvement of children in armed conflict and on the sale of children, child prostitution and child pornography, the texts of which are annexed to the present resolution;

2. Invites all States that have signed, ratified or acceded to the Convention on the Rights of the Child to sign and ratify or accede to the annexed optional protocols as soon as possible in order to facilitate their early entry into force;

3. Decides that the two optional protocols to the Convention on the Rights of the Child will be opened for signature at the special session of the General Assembly, entitled “Women 2000: gender equality, development and peace for the twenty-first century”, to be convened from 5 to 9 June 2000 in New York, and thereafter at United Nations Headquarters, at the special session of the General Assembly, entitled “World Summit for Social Development and beyond: achieving social development for all in a globalizing world”, to be convened from 26 to 30 June 2000 in Geneva, and at the Millennium Summit of the United Nations, to be convened from 6 to 8 September 2000 in New York;

4. Requests the Secretary-General to include information on the status of the two optional protocols in his report to the General Assembly on the status of the Convention on the Rights of the Child.

ANNEX I

Optional Protocol to the Convention on the Rights of the Child on the involvement of children in armed conflict

The States Parties to the present Protocol,

Encouraged by the overwhelming support for the Convention on the Rights of the Child, demonstrating the widespread commitment that exists to strive for the promotion and protection of the rights of the child,

Reaffirming that the rights of children require special protection, and calling for continuous improvement of the situation of children without distinction, as well as for their development and education in conditions of peace and security,

Disturbed by the harmful and widespread impact of armed conflict on children and the long-term consequences this has for durable peace, security and development,

Condemning the targeting of children in situations of armed conflict and direct attacks on objects protected under international law, including places generally having a significant presence of children, such as schools and hospitals,

Noting the adoption of the Statute of the International Criminal Court and, in particular, its inclusion as a war crime of conscripting or enlisting children under the age of 15 years or using them to participate actively in hostilities in both international and non-international armed conflicts,

Considering, therefore, that to strengthen further the implementation of rights recognized in the Convention on the Rights of the Child there is a need to increase the protection of children from involvement in armed conflict,

Noting that article 1 of the Convention on the Rights of the Child specifies that, for the purposes of that Convention, a child means every human being below the age of 18 years unless, under the law applicable to the child, majority is attained earlier,

Convinced that an optional protocol to the Convention raising the age of possible recruitment of persons into armed forces and their participation in hostilities will contribute effectively to the implementation of the principle that the best interests of the child are to be a primary consideration in all actions concerning children,

Noting that the twenty-sixth international Conference of the Red Cross and Red Crescent in December 1995 recommended, inter alia, that parties to conflict take every feasible step to ensure that children under the age of 18 years do not take part in hostilities,

Welcoming the unanimous adoption, in June 1999, of International Labour Organization Convention No. 182 on the Prohibition and Immediate Action for the Elimination of the Worst Forms of Child Labour, which prohibits, inter alia, forced or compulsory recruitment of children for use in armed conflict,

Condemning with the gravest concern the recruitment, training and use within and across national borders of children in hostilities by armed groups distinct from the armed forces of a State, and recognizing the responsibility of those who recruit, train and use children in this regard,

Recalling the obligation of each party to an armed conflict to abide by the provisions of international humanitarian law,

Stressing that this Protocol is without prejudice to the purposes and principles contained in the Charter of the United Nations, including Article 51, and relevant norms of humanitarian law,

Bearing in mind that conditions of peace and security based on full respect of the purposes and principles contained in the Charter and observance of applicable human rights instruments are indispensable for the full protection of children, in particular during armed conflicts and foreign occupation,

Recognizing the special needs of those children who are particularly vulnerable to recruitment or use in hostilities contrary to this Protocol owing to their economic or social status or gender,

Mindful of the necessity of taking into consideration the economic, social and political root causes of the involvement of children in armed conflicts,

Convinced of the need to strengthen international cooperation in the implementation of this Protocol, as well as the physical and psychosocial rehabilitation and social reintegration of children who are victims of armed conflict,

Encouraging the participation of the community and, in particular, children and child victims in the dissemination of informational and educational programmes concerning the implementation of the Protocol,

Have agreed as follows:

Article 1

States Parties shall take all feasible measures to ensure that members of their armed forces who have not attained the age of 18 years do not take a direct part in hostilities.

Article 2

States Parties shall ensure that persons who have not attained the age of 18 years are not compulsorily recruited into their armed forces.

Article 3

1. States Parties shall raise the minimum age for the voluntary recruitment of persons into their national armed forces from that set out in article 38, paragraph 3, of the Convention on the Rights of the Child, taking account of the principles contained in that article and recognizing that under the Convention persons under 18 are entitled to special protection.

2. Each State Party shall deposit a binding declaration upon ratification of or accession to this Protocol that sets forth the minimum age at which it will permit voluntary recruitment into its national armed forces and a description of the safeguards that it has adopted to ensure that such recruitment is not forced or coerced.

3. States Parties that permit voluntary recruitment into their national armed forces under the age of 18 shall maintain safeguards to ensure, as a minimum, that:
   (a) Such recruitment is genuinely voluntary;
   (b) Such recruitment is done with the informed consent of the person's parents or legal guardians;
   (c) Such persons are fully informed of the duties involved in such military service;
   (d) Such persons provide reliable proof of age prior to acceptance into national military service.

4. Each State Party may strengthen its declaration at any time by notification to that effect addressed to the Secretary-General of the United Nations, who shall inform all States Parties. Such notification shall take effect on the date on which it is received by the Secretary-General.

5. The requirement to raise the age in paragraph 1 of the present article does not apply to schools operated by or under the control of the armed forces of the States Parties, in keeping with articles 28 and 29 of the Convention on the Rights of the Child.

Article 4

1. Armed groups that are distinct from the armed forces of a State should not, under any circumstances, recruit or use in hostilities persons under the age of 18 years.

2. States Parties shall take all feasible measures to prevent such recruitment and use, including the adoption of legal measures necessary to prohibit and penalize such practices.

3. The application of the present article under this Protocol shall not affect the legal status of any party to an armed conflict.

Article 5

Nothing in the present Protocol shall be construed as excluding provisions in the law of a State Party or in international instruments and international humanitarian law that are more conducive to the realization of the rights of the child.

Article 6

1. Each State Party shall take all necessary legal, administrative and other measures to ensure the effective implementation and enforcement of the provisions of this Protocol within its jurisdiction.

2. States Parties undertake to make the principles and provisions of the present Protocol widely known and promoted by appropriate means, to adults and children alike.

3. States Parties shall take all feasible measures to ensure that persons within their jurisdiction recruited or used in hostilities contrary to this Protocol are demobilized or otherwise released from service. States Parties shall, when necessary, accord to these persons all appropriate assistance for their physical and psychological recovery and their social reintegration.

Article 7

1. States Parties shall cooperate in the implementation of the present Protocol, including in the prevention of any activity contrary to the Protocol and in the rehabilitation and social reintegration of persons who are victims of acts contrary to this Protocol, including through technical cooperation and financial assistance. Such assistance and cooperation will be undertaken in consultation with concerned States Parties and relevant international organizations.

2. States Parties in a position to do so shall provide such assistance through existing multilateral, bilateral or other programmes, or, inter alia, through a voluntary fund established in accordance with the rules of the General Assembly.

Article 8

1. Each State Party shall submit, within two years following the entry into force of the Protocol for that State Party, a report to the Committee on the Rights of the Child providing
1. Resolutions adopted without reference to a Main Committee

comprehensive information on the measures it has taken to implement the provisions of the Protocol, including the measures taken to implement the provisions on participation and recruitment.

2. Following the submission of the comprehensive report, each State Party shall include in the reports they submit to the Committee on the Rights of the Child, in accordance with article 44 of the Convention, any further information with respect to the implementation of the Protocol. Other States Parties to the Protocol shall submit a report every five years.

3. The Committee on the Rights of the Child may request from States Parties further information relevant to the implementation of this Protocol.

Article 9

1. The present Protocol is open for signature by any State that is a party to the Convention or has signed it.

2. The present Protocol is subject to ratification and is open to accession by any State. Instruments of ratification or accession shall be deposited with the Secretary-General of the United Nations.

3. The Secretary-General, in his capacity as depository of the Convention and the Protocol, shall inform all States Parties to the Convention and all States that have signed the Convention of each instrument of declaration pursuant to article 13.

Article 10

1. The present Protocol shall enter into force three months after the deposit of the tenth instrument of ratification or accession.

2. For each State ratifying the present Protocol or acceding to it after its entry into force, the present Protocol shall enter into force one month after the date of the deposit of its own instrument of ratification or accession.

Article 11

1. Any State Party may denounced the present Protocol at any time by written notification to the Secretary-General of the United Nations, who shall thereafter inform the other States Parties to the Convention and all States that have signed the Convention. The denunciation shall take effect one year after the date of receipt of the notification by the Secretary-General. If, however, on the expiry of that year the denouncing State Party is engaged in armed conflict, the denunciation shall not take effect before the end of the armed conflict.

2. Such a denunciation shall not have the effect of releasing the State Party from its obligations under the present Protocol in regard to any act that occurs prior to the date on which the denunciation becomes effective. Nor shall such a denunciation prejudice in any way the continued consideration of any matter that is already under consideration by the Committee prior to the date on which the denunciation becomes effective.

Article 12

1. Any State Party may propose an amendment and file it with the Secretary-General of the United Nations. The Secretary-General shall thereupon communicate the proposed amendment to States Parties, with a request that they indicate whether they favour a conference of States Parties for the purpose of considering and voting upon the proposals. In the event that, within four months from the date of such communication, at least one third of the States Parties favour such a conference, the Secretary-General shall convene the conference under the auspices of the United Nations. Any amendment adopted by a majority of States Parties present and voting at the conference shall be submitted to the General Assembly for approval.

2. An amendment adopted in accordance with paragraph 1 of the present article shall enter into force when it has been approved by the General Assembly of the United Nations and accepted by a two-thirds majority of States Parties.

3. When an amendment enters into force, it shall be binding on those States Parties that have accepted it, other States Parties still being bound by the provisions of the present Protocol and any earlier amendments that they have accepted.

Article 13

1. The present Protocol, of which the Arabic, Chinese, English, French, Russian and Spanish texts are equally authentic, shall be deposited in the archives of the United Nations.

2. The Secretary-General of the United Nations shall transmit certified copies of the present Protocol to all States Parties to the Convention and all States that have signed the Convention.

ANNEX II

Optional Protocol to the Convention on the Rights of the Child on the sale of children, child prostitution and child pornography

The States Parties to the present Protocol,

Considering that, in order further to achieve the purposes of the Convention on the Rights of the Child and the implementation of its provisions, especially articles 1, 11, 21, 32, 33, 34, 35 and 36, it would be appropriate to extend the measures that States Parties should undertake in order to guarantee the protection of the child from the sale of children, child prostitution and child pornography,

Considering also that the Convention on the Rights of the Child recognizes the right of the child to be protected from economic exploitation and from performing any work that is likely to be hazardous or to interfere with the child’s education, or to be harmful to the child’s health or physical, mental, spiritual, moral or social development,

Gravely concerned at the significant and increasing international traffic of children for the purpose of the sale of children, child prostitution and child pornography,

Deeply concerned at the widespread and continuing practice of sex tourism, to which children are especially vulnerable, as it directly promotes the sale of children, child prostitution and child pornography,

Recognizing that a number of particularly vulnerable groups, including girl children, are at greater risk of sexual
exploitation, and that girl children are disproportionately represented among the sexually exploited,

Concerned about the growing availability of child pornography on the Internet and other evolving technologies, and recalling the International Conference on Combating Child Pornography on the Internet (Vienna, 1999) and, in particular, its conclusion calling for the worldwide criminalization of the production, distribution, exportation, transmission, importation, intentional possession and advertising of child pornography, and stressing the importance of closer cooperation and partnership between Governments and the Internet industry,

Believing that the elimination of the sale of children, child prostitution and child pornography will be facilitated by adopting a holistic approach, addressing the contributing factors, including underdevelopment, poverty, economic disparities, inequitable socio-economic structure, dysfunctional families, lack of education, urban-rural migration, gender discrimination, irresponsible adult sexual behaviour, harmful traditional practices, armed conflicts and trafficking of children,

Believing that efforts to raise public awareness are needed to reduce consumer demand for the sale of children, child prostitution and child pornography, and also believing in the importance of strengthening global partnership among all actors and of improving law enforcement at the national level,

Noting the provisions of international legal instruments relevant to the protection of children, including the Hague Convention on the Protection of Children and Cooperation with Respect to Inter-Country Adoption, the Hague Convention on the Civil Aspects of International Child Abduction, the Hague Convention on Jurisdiction, Applicable Law, Recognition, Enforcement and Cooperation in Respect of Parental Responsibility and Measures for the Protection of Children, and International Labour Organization Convention No. 182 on the Prohibition and Immediate Action for the Elimination of the Worst Forms of Child Labour,

Encouraged by the overwhelming support for the Convention on the Rights of the Child, demonstrating the widespread commitment that exists for the promotion and protection of the rights of the child,

Recognizing the importance of the implementation of the provisions of the Programme of Action for the Prevention of the Sale of Children, Child Prostitution and Child Pornography9 and the Declaration and Agenda for Action adopted at the World Congress against Commercial Sexual Exploitation of Children, held at Stockholm from 27 to 31 August 1996,10 and the other relevant decisions and recommendations of pertinent international bodies,

Taking due account of the importance of the traditions and cultural values of each people for the protection and harmonious development of the child,

Have agreed as follows:

Article 1

States Parties shall prohibit the sale of children, child prostitution and child pornography as provided for by the present Protocol.

Article 2

For the purpose of the present Protocol:

(a) Sale of children means any act or transaction whereby a child is transferred by any person or group of persons to another for remuneration or any other consideration;

(b) Child prostitution means the use of a child in sexual activities for remuneration or any other form of consideration;

(c) Child pornography means any representation, by whatever means, of a child engaged in real or simulated explicit sexual activities or any representation of the sexual parts of a child for primarily sexual purposes.

Article 3

1. Each State Party shall ensure that, as a minimum, the following acts and activities are fully covered under its criminal or penal law, whether these offences are committed domestically or transnationally or on an individual or organized basis:

(a) In the context of sale of children as defined in article 2:

(i) The offering, delivering or accepting, by whatever means, a child for the purpose of:
   a. Sexual exploitation of the child;
   b. Transfer of organs of the child for profit;
   c. Engagement of the child in forced labour;

(ii) Improperly inducing consent, as an intermediary, for the adoption of a child in violation of applicable international legal instruments on adoption;

(b) Offering, obtaining, procuring or providing a child for child prostitution, as defined in article 2;

(c) Producing, distributing, disseminating, importing, exporting, offering, selling or possessing for the above purposes child pornography as defined in article 2.

2. Subject to the provisions of a State Party’s national law, the same shall apply to an attempt to commit any of these acts and to complicity or participation in any of these acts.

3. Each State Party shall make these offences punishable by appropriate penalties that take into account their grave nature.

4. Subject to the provisions of its national law, each State Party shall take measures, where appropriate, to establish the liability of legal persons for offences established in paragraph 1 of the present article. Subject to the legal principles of the State Party, this liability of legal persons may be criminal, civil or administrative.

10 A/51/385, annex.
5. States Parties shall take all appropriate legal and administrative measures to ensure that all persons involved in the adoption of a child act in conformity with applicable international legal instruments.

Article 4

1. Each State Party shall take such measures as may be necessary to establish its jurisdiction over the offences referred to in article 3, paragraph 1, when the offences are committed in its territory or on board a ship or aircraft registered in that State.

2. Each State Party may take such measures as may be necessary to establish its jurisdiction over the offences referred to in article 3, paragraph 1, in the following cases:

(a) When the alleged offender is a national of that State or a person who has his habitual residence in its territory;

(b) When the victim is a national of that State.

3. Each State Party shall also take such measures as may be necessary to establish its jurisdiction over the above-mentioned offences when the alleged offender is present in its territory and it does not extradite him or her to another State Party on the ground that the offence has been committed by one of its nationals.

4. This Protocol does not exclude any criminal jurisdiction exercised in accordance with internal law.

Article 5

1. The offences referred to in article 3, paragraph 1, shall be deemed to be included as extraditable offences in any extradition treaty existing between States Parties and shall be included as extraditable offences in every extradition treaty subsequently concluded between them, in accordance with the conditions set forth in those treaties.

2. If a State Party that makes extradition conditional on the existence of a treaty receives a request for extradition from another State Party with which it has no extradition treaty, it may consider this Protocol as a legal basis for extradition in respect of such offences. Extradition shall be subject to the conditions provided by the law of the requested State.

3. States Parties that do not make extradition conditional on the existence of a treaty shall recognize such offences as extraditable offences between themselves subject to the conditions provided by the law of the requested State.

4. Such offences shall be treated, for the purpose of extradition between States Parties, as if they had been committed not only in the place in which they occurred but also in the territories of the States required to establish their jurisdiction in accordance with article 4.

5. If an extradition request is made with respect to an offence described in article 3, paragraph 1, and if the requested State Party does not or will not extradite on the basis of the nationality of the offender, that State shall take suitable measures to submit the case to its competent authorities for the purpose of prosecution.

Article 6

1. States Parties shall afford one another the greatest measure of assistance in connection with investigations or criminal or extradition proceedings brought in respect of the offences set forth in article 3, paragraph 1, including assistance in obtaining evidence at their disposal necessary for the proceedings.

2. States Parties shall carry out their obligations under paragraph 1 of the present article in conformity with any treaties or other arrangements on mutual legal assistance that may exist between them. In the absence of such treaties or arrangements, States Parties shall afford one another assistance in accordance with their domestic law.

Article 7

States Parties shall, subject to the provisions of their national law:

(a) Take measures to provide for the seizure and confiscation, as appropriate, of:

(i) Goods such as materials, assets and other instrumentalities used to commit or facilitate offences under the present protocol;

(ii) Proceeds derived from such offences;

(b) Execute requests from another State Party for seizure or confiscation of goods or proceeds referred to in subparagraph (a) (i);

(c) Take measures aimed at closing, on a temporary or definitive basis, premises used to commit such offences.

Article 8

1. States Parties shall adopt appropriate measures to protect the rights and interests of child victims of the practices prohibited under the present Protocol at all stages of the criminal justice process, in particular by:

(a) Recognizing the vulnerability of child victims and adapting procedures to recognize their special needs, including their special needs as witnesses;

(b) Informing child victims of their rights, their role and the scope, timing and progress of the proceedings and of the disposition of their cases;

(c) Allowing the views, needs and concerns of child victims to be presented and considered in proceedings where their personal interests are affected, in a manner consistent with the procedural rules of national law;

(d) Providing appropriate support services to child victims throughout the legal process;

(e) Protecting, as appropriate, the privacy and identity of child victims and taking measures in accordance with national law to avoid the inappropriate dissemination of information that could lead to the identification of child victims;

(f) Providing, in appropriate cases, for the safety of child victims, as well as that of their families and witnesses on their behalf, from intimidation and retaliation;
(g) Avoiding unnecessary delay in the disposition of cases and the execution of orders or decrees granting compensation to child victims.

2. States Parties shall ensure that uncertainty as to the actual age of the victim shall not prevent the initiation of criminal investigations, including investigations aimed at establishing the age of the victim.

3. States Parties shall ensure that, in the treatment by the criminal justice system of children who are victims of the offences described in the present Protocol, the best interest of the child shall be a primary consideration.

4. States Parties shall take measures to ensure appropriate training, in particular legal and psychological training, for the persons who work with victims of the offences prohibited under the present Protocol.

5. States Parties shall, in appropriate cases, adopt measures in order to protect the safety and integrity of those persons and/or organizations involved in the prevention and/or protection and rehabilitation of victims of such offences.

6. Nothing in the present article shall be construed as prejudicial to or inconsistent with the rights of the accused to a fair and impartial trial.

Article 9

1. States Parties shall adopt or strengthen, implement and disseminate laws, administrative measures, social policies and programmes to prevent the offences referred to in the present Protocol. Particular attention shall be given to protect children who are especially vulnerable to these practices.

2. States Parties shall promote awareness in the public at large, including children, through information by all appropriate means, education and training, about the preventive measures and harmful effects of the offences referred to in the present Protocol. In fulfilling their obligations under this article, States Parties shall encourage the participation of the community and, in particular, children and child victims, in such information and education and training programmes, including at the international level.

3. States Parties shall take all feasible measures with the aim of ensuring all appropriate assistance to victims of such offences, including their full social reintegration and their full physical and psychological recovery.

4. States Parties shall ensure that all child victims of the offences described in the present Protocol have access to adequate procedures to seek, without discrimination, compensation for damages from those legally responsible.

5. States Parties shall take appropriate measures aimed at effectively prohibiting the production and dissemination of material advertising the offences described in the present Protocol.

Article 10

1. States Parties shall take all necessary steps to strengthen international cooperation by multilateral, regional and bilateral arrangements for the prevention, detection, investigation, prosecution and punishment of those responsible for acts involving the sale of children, child prostitution, child pornography and child sex tourism. States Parties shall also promote international cooperation and coordination between their authorities, national and international non-governmental organizations and international organizations.

2. States Parties shall promote international cooperation to assist child victims in their physical and psychological recovery, social reintegration and repatriation.

3. States Parties shall promote the strengthening of international cooperation in order to address the root causes, such as poverty and underdevelopment, contributing to the vulnerability of children to the sale of children, child prostitution, child pornography and child sex tourism.

4. States Parties in a position to do so shall provide financial, technical or other assistance through existing multilateral, regional, bilateral or other programmes.

Article 11

Nothing in the present Protocol shall affect any provisions that are more conducive to the realization of the rights of the child and that may be contained in:

(a) The law of a State Party;

(b) International law in force for that State.

Article 12

1. Each State Party shall submit, within two years following the entry into force of the Protocol for that State Party, a report to the Committee on the Rights of the Child providing comprehensive information on the measures it has taken to implement the provisions of the Protocol.

2. Following the submission of the comprehensive report, each State Party shall include in the reports they submit to the Committee on the Rights of the Child, in accordance with article 44 of the Convention, any further information with respect to the implementation of the Protocol. Other States Parties to the Protocol shall submit a report every five years.

3. The Committee on the Rights of the Child may request from States Parties further information relevant to the implementation of this Protocol.

Article 13

The denunciation shall take effect one year after the date of receipt of the notification by the Secretary-General of the United Nations.

2. Such a denunciation shall not have the effect of releasing the State Party from its obligations under this Protocol in regard to any offence that occurs prior to the date on which the denunciation becomes effective. Nor shall such a denunciation prejudice in any way the continued consideration of any matter that is already under consideration by the Committee prior to the date on which the denunciation becomes effective.

Article 16

1. Any State Party may propose an amendment and file it with the Secretary-General of the United Nations. The Secretary-General shall thereupon communicate the proposed amendment to States Parties, with a request that they indicate whether they favour a conference of States Parties for the purpose of considering and voting upon the proposals. In the event that, within four months from the date of such communication, at least one third of the States Parties favour such a conference, the Secretary-General shall convene the conference under the auspices of the United Nations. Any amendment adopted by a majority of States Parties present and voting at the conference shall be submitted to the General Assembly for approval.

2. An amendment adopted in accordance with paragraph 1 of the present article shall enter into force when it has been approved by the General Assembly of the United Nations and accepted by a two-thirds majority of States Parties.

The General Assembly,

Decides to refer the annexed draft United Nations Millennium Declaration to the Millennium Summit of the United Nations, to be held from 6 to 8 September 2000, for its consideration.

ANNEX

Draft United Nations Millennium Declaration

I. VALUES AND PRINCIPLES

1. We, heads of State and Government, have gathered at United Nations Headquarters in New York from 6 to 8 September 2000, at the dawn of a new millennium, to reaffirm our faith in the Organization and its Charter as indispensable foundations of a more peaceful, prosperous and just world.

2. We recognize that, in addition to our separate responsibilities to our individual societies, we have a collective responsibility to uphold the principles of human dignity, equality and equity at the global level. As leaders we have a duty therefore to all the world’s people, especially the most vulnerable and, in particular, the children of the world, to whom the future belongs.

3. We reaffirm our commitment to the purposes and principles of the Charter of the United Nations, which have proved timeless and universal. Indeed, their relevance and capacity to inspire have increased, as nations and peoples have become increasingly interconnected and interdependent.
4. We are determined to establish a just and lasting peace all over the world in accordance with the purposes and principles of the Charter. We rededicate ourselves to support all efforts to uphold the sovereign equality of all States, respect for their territorial integrity and political independence, resolution of disputes by peaceful means and in conformity with the principles of justice and international law, the right to self-determination of peoples which remain under colonial domination and foreign occupation, non-interference in the internal affairs of States, respect for human rights and fundamental freedoms, respect for the equal rights of all without distinction as to race, sex, language or religion and international cooperation in solving international problems of an economic, social, cultural or humanitarian character.

5. We believe that the central challenge we face today is to ensure that globalization becomes a positive force for all the world’s people. For while globalization offers great opportunities, at present its benefits are very unevenly shared, while its costs are unevenly distributed. We recognize that developing countries and countries with economies in transition face special difficulties in responding to this central challenge. Thus, only through broad and sustained efforts to create a shared future, based upon our common humanity in all its diversity, can globalization be made fully inclusive and equitable. These efforts must include policies and measures, at the global level, which correspond to the needs of developing countries and economies in transition and are formulated and implemented with their effective participation.

6. We consider certain fundamental values to be essential to international relations in the twenty-first century. These include:

- **Freedom.** Men and women have the right to live their lives and raise their children in dignity, free from hunger and from the fear of violence, oppression or injustice. Democratic and participatory governance based on the will of the people best assures these rights.

- **Equality.** No individual and no nation must be denied the opportunity to benefit from development. The equal rights and opportunities of women and men must be assured.

- **Solidarity.** Global challenges must be managed in a way that distributes the costs and burdens fairly in accordance with basic principles of equity and social justice. Those who suffer or who benefit least deserve help from those who benefit most.

- **Tolerance.** Human beings must respect one other, in all their diversity of belief, culture and language. Differences within and between societies should be neither feared nor repressed, but cherished as a precious asset of humanity. A culture of peace and dialogue among all civilizations should be actively promoted.

- **Respect for nature.** Prudence must be shown in the management of all living species and natural resources, in accordance with the precepts of sustainable development. Only in this way can the immeasurable riches provided to us by nature be preserved and passed on to our descendants. The current unsustainable patterns of production and consumption must be changed in the interest of our future welfare and that of our descendants.

- **Shared responsibility.** Responsibility for managing worldwide economic and social development, as well as threats to international peace and security, must be shared among the nations of the world and should be exercised multilaterally. As the most universal and most representative organization in the world, the United Nations must play the central role.

7. In order to translate these shared values into actions, we have identified key objectives to which we assign special significance.

**II. PEACE, SECURITY AND DISARMAMENT**

8. We will spare no effort to free our peoples from the scourge of war, whether within or between States, which has claimed more than 5 million lives in the past decade. We will also seek to eliminate the dangers posed by weapons of mass destruction.

9. We resolve therefore:

- To strengthen respect for the rule of law in international as in national affairs and, in particular, to ensure compliance by Member States with the decisions of the International Court of Justice, in compliance with the Charter of the United Nations, in cases to which they are parties.

- To make the United Nations more effective in maintaining peace and security by giving it the resources and tools it needs for conflict prevention, peaceful resolution of disputes, peacekeeping, post-conflict peace-building and reconstruction. In this context, we take note of the report of the Panel on United Nations Peace Operations16 and request the General Assembly to consider its recommendations expeditiously.

- To strengthen cooperation between the United Nations and regional organizations, in accordance with the provisions of Chapter VIII of the Charter.

- To ensure the implementation, by States Parties, of treaties in areas such as arms control and disarmament and of international humanitarian law and human rights law, and call upon all States to consider signing and ratifying the Rome Statute of the International Criminal Court.19

- To take concerted action against international terrorism, and to accede as soon as possible to all the relevant international conventions.

---

I. Resolutions adopted without reference to a Main Committee

14. We are concerned about the obstacles developing countries face in mobilizing the resources needed to finance their sustained development. We will therefore make every effort to ensure the success of the High-level International and Intergovernmental Event on Financing for Development, to be held in 2001.

15. We also undertake to address the special needs of the least developed countries. In this context, we welcome the Third United Nations Conference on the Least Developed Countries to be held in May 2001 and will endeavour to ensure its success. We call on the industrialized countries:

- To adopt, preferably by the time of that Conference, a policy of duty- and quota-free access for essentially all exports from the least developed countries;
- To implement the enhanced programme of debt relief for the heavily indebted poor countries without further delay and to agree to cancel all official bilateral debts of those countries in return for their making demonstrable commitments to poverty reduction; and
- To grant more generous development assistance, especially to countries that are genuinely making an effort to apply their resources to poverty reduction.

16. We are also determined to deal comprehensively and effectively with the debt problems of low- and middle-income developing countries, through various national and international measures designed to make their debt sustainable in the long term.

17. We also resolve to address the special needs of small island developing States, by implementing the Barbados Programme of Action and the outcome of the twenty-second special session of the General Assembly rapidly and in full. We urge the international community to ensure that, in the development of a vulnerability index, the special needs of small island developing States are taken into account.

18. We recognize the special needs and problems of the landlocked developing countries, and urge both bilateral and multilateral donors to increase financial and technical assistance to this group of countries to meet their special development needs and to help them overcome the impediments of geography by improving their transit transport systems.

19. We resolve further:

- To halve, by the year 2015, the proportion of the world's people whose income is less than one dollar a day and the proportion of people who suffer from hunger and, by the same date, to halve the proportion of people who are unable to reach or to afford safe drinking water.

21 Amended protocol on prohibitions or restrictions on the use of mines, booby-traps and other devices (CCW/CONF.I/16 (Part I), annex B).
I. Resolutions adopted without reference to a Main Committee

20. We also resolve:

- To promote gender equality and the empowerment of women as effective ways to combat poverty, hunger and disease and to stimulate development that is truly sustainable.
- To develop and implement strategies that give young people everywhere a real chance to find decent and productive work.
- To encourage the pharmaceutical industry to make essential drugs more widely available and affordable by all who need them in developing countries.
- To develop strong partnerships with the private sector and with civil society organizations in pursuit of development and poverty eradication.
- To ensure that the benefits of new technologies, especially information and communication technologies, in conformity with recommendations contained in the ECOSOC 2000 Ministerial Declaration, are available to all.

IV. PROTECTING OUR COMMON ENVIRONMENT

21. We must spare no effort to free all of humanity, and above all our children and grandchildren, from the threat of living on a planet irredeemably spoilt by human activities, and whose resources would no longer be sufficient for their needs.

22. We reaffirm our support for the principles of sustainable development, including those set out in Agenda 21, agreed upon at the United Nations Conference on Environment and Development.

23. We resolve therefore to adopt in all our environmental actions a new ethic of conservation and stewardship and, as first steps, we resolve:

- To make every effort to ensure the entry into force of the Kyoto Protocol, preferably by the tenth anniversary of the United Nations Conference on Environment and Development in 2002, and to embark on the required reduction in emissions of greenhouse gases.
- To intensify our collective efforts for the management, conservation and sustainable development of all types of forests.
- To press for the full implementation of the Convention on Biological Diversity and the Convention to Combat Desertification in those Countries Experiencing Serious Drought and/or Desertification, particularly in Africa.
- To stop the unsustainable exploitation of water resources by developing water management strategies at the regional, national and local levels, which promote both equitable access and adequate supplies.
- To intensify cooperation to reduce the number and effects of natural and man-made disasters.
- To ensure free access to information on the human genome sequence.

V. HUMAN RIGHTS, DEMOCRACY AND GOOD GOVERNANCE

24. We will spare no effort to promote democracy and strengthen the rule of law, as well as respect for all internationally recognized human rights and fundamental freedoms, including the right to development.

25. We resolve therefore:

- To respect fully and uphold the Universal Declaration of Human Rights.
- To strive for the full protection and promotion in all our countries of civil, political, economic, social and cultural rights for all.
- To strengthen the capacity of all our countries to implement the principles and practices of democracy and respect for human rights, including minority rights.
- To combat all forms of violence against women and to implement the Convention on the Elimination of All Forms of Discrimination against Women.

27 Resolution 217 A (III).
28 Resolution 34/180, annex.
• To take measures to ensure respect for and protection of the human rights of migrants, migrant workers and their families, to eliminate the increasing acts of racism and xenophobia in many societies and to promote greater harmony and tolerance in all societies.

• To work collectively for more inclusive political processes, allowing genuine participation by all citizens in all our countries.

• To ensure the freedom of the media to perform their essential role and the right of the public to have access to information.

VI. PROTECTING THE VULNERABLE

26. We will spare no effort to ensure that children and all civilian populations that suffer disproportionately the consequences of natural disasters, genocide, armed conflicts and other humanitarian emergencies are given every assistance and protection so that they can resume normal life as soon as possible.

We resolve therefore:

• To expand and strengthen the protection of civilians in complex emergencies, in conformity with international humanitarian law.

• To strengthen international cooperation, including burden sharing in, and the coordination of humanitarian assistance to, countries hosting refugees and to help all refugees and displaced persons to return voluntarily to their homes, in safety and dignity and to be smoothly reintegrated into their societies.

• To encourage the ratification and full implementation of the Convention on the Rights of the Child29 and its optional protocols on the involvement of children in armed conflict and on the sale of children, child prostitution and child pornography.30

VII. MEETING THE SPECIAL NEEDS OF AFRICA

27. We will support the consolidation of democracy in Africa and assist Africans in their struggle for lasting peace, poverty eradication and sustainable development, thereby bringing Africa into the mainstream of the world economy.

28. We resolve therefore:

• To give full support to the political and institutional structures of emerging democracies in Africa.

• To encourage and sustain regional and subregional mechanisms for preventing conflict and promoting political stability, and to ensure a reliable flow of resources for peacekeeping operations on the continent.

• To take special measures to address the challenges of poverty eradication and sustainable development in Africa, including debt cancellation, improved market access, enhanced Official Development Assistance and increased flows of Foreign Direct Investment, as well as transfers of technology.

• To help Africa build up its capacity to tackle the spread of the HIV/AIDS pandemic and other infectious diseases.

VIII. STRENGTHENING THE UNITED NATIONS

29. We will spare no effort to make the United Nations a more effective instrument for pursuing all of these priorities: the fight for development for all the peoples of the world, the fight against poverty, ignorance and disease; the fight against injustice; the fight against violence, terror and crime; and the fight against the degradation and destruction of our common home.

30. We resolve therefore:

• To reaffirm the central position of the General Assembly as the chief deliberative, policy-making and representative organ of the United Nations, and to enable it to play that role effectively.

• To intensify our efforts to achieve a comprehensive reform of the Security Council in all its aspects.

• To strengthen further the Economic and Social Council, building on its recent achievements, to help it fulfill the role ascribed to it in the Charter.

• To strengthen the International Court of Justice, in order to ensure justice and the rule of law in international affairs.

RESOLUTION 54/283

Adopted at the 100th plenary meeting, on 5 September 2000, without a vote, on the basis of draft resolution A/54/L.88/Rev.1 and Add.1, sponsored by: Algeria, Austria, Azerbaijan, Bahamas, Barbados, Belarus, Belgium, Belize, Benin, Brazil, Bulgaria, Burkina Faso, Burundi, Cambodia, Cameroon, Costa Rica, Côte d'Ivoire, Croatia, Cuba, Czech Republic, Democratic Republic of the Congo, Denmark, Egypt, Eritrea, Fiji, Finland, France, Gabon, Germany, Greece, Guatemala, Guyana, Haiti, Hungary, Iceland, Ireland, Italy, Jamaica, Japan, Kazakhstan, Kenya, Kyrgyzstan, Lesotho, Liberia, Libyan Arab Jamahiriya, Liechtenstein, Luxembourg, Malaysia, Mali, Malta, Marshall Islands, Monaco, Myanmar, Namibia, Nauru, Netherlands, Nicaragua, Nigeria, Norway, Portugal, Republic of Moldova, Romania, Russian Federation, Saint Kitts and Nevis, San Marino, Saudi Arabia, Senegal, Slovakia, Slovenia, South Africa, Spain, Sudan, Suriname, Swaziland, Sweden, Tajikistan, Thailand, the former Yugoslav Republic of Macedonia, Togo, Trinidad and Tobago, Turkmenistan, Uganda, Ukraine, United Kingdom of Great Britain and Northern Ireland, United Republic of Tanzania, United States of America and Zimbabwe

54/283. Review of the problem of human immunodeficiency virus/acquired immunodeficiency syndrome in all its aspects

The General Assembly,

Recalling its resolution 44/233 of 22 December 1989, Economic and Social Council resolution 1999/36 of 28 July 1999 and other relevant resolutions,

Noting with deep concern the accelerating spread of human immunodeficiency virus (HIV), which has already infected millions of people worldwide, and the resulting increase in cases of acquired immunodeficiency syndrome (AIDS),

Recognizing that no country in the world has been spared by the AIDS epidemic and that 90 per cent of the people living with HIV/AIDS live in the developing world, which has been very severely affected, particularly in Africa,

Mindful that the AIDS epidemic has become a development crisis in many countries, with devastating consequences for human, social and economic progress, and that the development gains of the past fifty years, including the increase in child survival and in life expectancy, are being reversed by the HIV/AIDS epidemic,

Alarmed that, despite all efforts, the HIV/AIDS epidemic is having a more severe impact than was originally projected, and recognizing that resources devoted to combating the epidemic at both national and international levels are not commensurate with the magnitude of the problem,

Commending the efforts by the Joint United Nations Programme on Human Immunodeficiency Virus/Acquired Immunodeficiency Syndrome to coordinate and intensify efforts to address HIV/AIDS in all appropriate forums,

Recognizing that the needs in countries addressing AIDS far outweigh both the human and the financial resources being made available and that high-level political commitment is critical to strengthen the response to the epidemic,

1. Decides to convene a special session of the General Assembly for a duration of three days to review and address the problem of HIV/AIDS in all its aspects and to coordinate and intensify international efforts to combat it, as soon as possible, preferably in May 2001 but not later than the end of its fifty-sixth session;

2. Urges Member States and observers to ensure their representation at the special session at a high political level;

3. Decides that the exact date of the special session, as well as the modalities, participation in and organization of the preparatory process and the special session, should be finalized, at the earliest opportunity, at its fifty-fifth session;

4. Also decides to include in the agenda of its fifty-fifth session the item entitled "Review of the problem of human immunodeficiency virus/acquired immunodeficiency syndrome in all its aspects".

The General Assembly,

Recalling its resolution 2006 (XIX) of 18 February 1965 and all other relevant resolutions,

Recalling in particular its resolution 54/81 A of 6 December 1999,

Recalling also paragraph 1 of its resolution 48/223 C of 23 December 1993,

Having considered the report of the Committee on Contributions on the work of its fifty-ninth session,24

Reaffirming Article 17 of the Charter of the United Nations and rule 160 of its rules of procedure,

1. Reaffirms the obligation of all Member States to bear the expenses of the United Nations, as apportioned by the General Assembly, in conformity with Article 17 of the Charter of the United Nations;

2. Also reaffirms the fundamental principle that the expenses of the Organization should be apportioned among Member States, broadly according to capacity to pay, as established in rule 160 of the rules of procedure of the General Assembly;

3. Requests the Secretary-General to ensure that Permanent Missions are furnished in good time with copies of the national accounts questionnaire to enable them to provide for the appropriate follow-up;

4. Requests the Committee on Contributions to submit to the General Assembly at its fifty-fifth session twelve proposals for a scale of assessments for the period 2001–2003 as follows:

(a) A proposal based on the methodology used in preparing the scale of assessments for 2000, including the phasing out of the scheme of limits in accordance with the provisions of General Assembly resolutions 48/223 B of 23 December 1993 and 52/215 A;

(b) A proposal to include the following elements and criteria:

(i) Data on gross national product;

(ii) A statistical base period of six years;

(iii) Conversion rates based on market exchange rates, except where that would cause excessive fluctuations and distortions in the income of some Member States, when price-adjusted rates of exchange or other appropriate conversion rates

should be employed, taking due account of General Assembly resolution 46/221 B of 20 December 1991;

(iv) Debt burden adjustment based on the total debt stock;

(v) A low per capita income adjustment with a threshold per capita income limit of the average world per capita income for the statistical base period and a sliding gradient;

(vi) Redistribution of the adjustment to all Member States, consistent with the practice before 1979;

(vii) A minimum assessment rate of 0.001 per cent;

(viii) A maximum assessment rate of 25 per cent;

(ix) A maximum assessment rate for the least developed countries of 0.01 per cent;

should be employed, taking due account of General Assembly resolution 46/221 B;

(v) A two-tiered gradient for relief of Member States with a low per capita income; a gradient of 80 per cent for least developed countries and a gradient of 70 per cent for other Member States with a per capita income below the world average;

(vi) To address discontinuity, a phase-in mechanism, that is divided equally over the period 2001–2003, for the redistribution of points received from the low per capita income adjustment for Member States that cross the threshold from one scale period to the next (example: all other things being equal, if the assessment of a Member State was 1.000 per cent when it was below the threshold, in the next scale period it would increase to 1.067 per cent, 1.134 per cent and 1.200 per cent over three years instead of going directly to 1.200);

**Reaffirming** that the costs of the Mission are expenses of the Organization to be borne by Member States in accordance with Article 17, paragraph 2, of the Charter of the United Nations,

**Recalling** its previous decisions regarding the fact that, in order to meet the expenditures caused by the Mission, a different procedure is required from that applied to meet expenditures of the regular budget of the United Nations,

**Taking into account** the fact that the economically more developed countries are in a position to make relatively larger contributions and that the economically less developed countries have a relatively limited capacity to contribute towards such an operation,

**Bearing in mind** the special responsibilities of the States permanent members of the Security Council, as indicated in General Assembly resolution 1874 (S-IV) of 27 June 1963, in the financing of such operations,

**Mindful** of the fact that it is essential to provide the Mission with the necessary financial resources to enable it to fulfil its responsibilities under the relevant resolutions of the Security Council,

1. **Takes note** of the status of contributions to the United Nations Mission in Sierra Leone as at 30 April 2000, including the contributions outstanding in the amount of 83.7 million United States dollars, representing 39 per cent of the total assessed contributions, notes that some 18 per cent of the Member States have paid their assessed contributions in full, and urges all other Member States concerned, in particular those in arrears, to ensure payment of their outstanding assessed contributions;

2. **Expresses its appreciation** to those Member States which have paid their assessed contributions in full;

3. **Expresses concern** about the financial situation with regard to peacekeeping activities, in particular as regards the reimbursements to troop contributors that bear additional burdens owing to overdue payments by Member States of their assessments;

4. **Urges** all other Member States to make every possible effort to ensure payment of their assessed contributions to the Mission in full and on time;

5. **Expresses concern** at the delay experienced by the Secretary-General in deploying and providing adequate resources to some recent peacekeeping missions, in particular those in Africa;

6. **Emphasizes** that all future and existing peacekeeping missions shall be given equal and non-

8. Reiterates its request to the Secretary-General to make the fullest possible use of facilities and equipment at the United Nations Logistics Base at Brindisi, Italy, in order to minimize the costs of procurement for the Mission, and for this purpose requests the Secretary-General to speed up the implementation of the asset management system at all peacekeeping missions in accordance with General Assembly resolution 52/1 A of 15 October 1997;

9. Endorses the conclusions and recommendations contained in the report of the Advisory Committee on Administrative and Budgetary Questions, and requests the Secretary-General to ensure their full implementation;

10. Requests the Secretary-General to take all necessary action to ensure that the Mission is administered with a maximum of efficiency and economy;

11. Also requests the Secretary-General, in order to reduce the cost of employing General Service staff, to continue efforts to recruit local staff for the Mission against General Service posts, commensurate with the requirements of the Mission;

12. Decides to reduce the appropriation authorized for the United Nations Observer Mission in Sierra Leone in respect of the period from 13 July 1998 to 30 June 1999 under the terms of General Assembly resolution 53/29 from the amount of 22 million dollars gross (21,279,800 dollars net) to the amount of 16,167,100 dollars gross (15,706,550 dollars net), equal to the amount apportioned among Member States in respect of the period from 13 July 1998 to 13 March 1999, and to extend the period covered by the apportionment until 30 June 1999;

13. 54/277. **Financing of the United Nations Mission in the Central African Republic**

The General Assembly,

Having considered the reports of the Secretary-General on the financing of the United Nations Mission in the Central African Republic and the related report of the Advisory Committee on Administrative and Budgetary Questions,

Recalling its resolution 52/249 of 26 June 1998 on the financing of the Mission and its subsequent resolutions thereon, the latest of which was resolution 53/238 of 8 June 1999,

Reaffirming that the costs of the Mission are expenses of the Organization to be borne by Member States in accordance with Article 17, paragraph 2, of the Charter of the United Nations,

Recalling its previous decisions regarding the fact that, in order to meet the expenditures caused by the Mission, a different procedure is required from that applied to meet expenditures of the regular budget of the United Nations,

Taking into account the fact that the economically more developed countries are in a position to make relatively larger contributions and that the economically less developed countries have a relatively limited capacity to contribute towards such an operation,

Bearing in mind the special responsibilities of the States permanent members of the Security Council, as indicated in General Assembly resolution 1874 (S-IV) of 27 June 1963, in the financing of such operations,

Noting with appreciation that voluntary contributions have been made to the Mission,

Mindful of the fact that it is essential to provide the account of the Mission with the necessary financial resources to enable it to meet its outstanding liabilities,

1. **Takes note** of the status of contributions to the United Nations Mission in the Central African Republic as at 30 April 2000, including the contributions outstanding in the amount of 36.6 million United States dollars, representing 32 per cent of the total assessed contributions, notes that some 41 per cent of the Member States have paid their assessed contributions in full, and urges all other Member States concerned, in particular those in arrears, to ensure payment of their outstanding assessed contributions;

2. **Expresses its appreciation** to those Member States which have paid their assessed contributions in full;

3. **Expresses concern** about the financial situation with regard to peacekeeping activities, in particular as regards the reimbursements to troop contributors that bear additional burdens owing to overdue payments by Member States of their assessments;

4. **Urges** all other Member States to make every possible effort to ensure payment of their assessed contributions to the Mission in full and on time;

5. **Expresses concern** at the delay experienced by the Secretary-General in deploying and providing adequate resources to some recent peacekeeping missions, in particular those in Africa;

6. **Emphasizes** that all future and existing peacekeeping missions shall be given equal and non-discriminatory treatment in respect of financial and administrative arrangements;

7. **Also emphasizes** that all peacekeeping missions shall be provided with adequate resources for the effective and efficient discharge of their respective mandates;

8. **Endorses** the conclusions and recommendations contained in the report of the Advisory Committee on
Administrative and Budgetary Questions, and requests the Secretary-General to ensure their full implementation;

9. **Requests** the Secretary-General to take all necessary action to ensure that the liquidation of the Mission is administered with a maximum of efficiency and economy;

10. **Decides** to appropriate to the Special Account for the United Nations Mission in the Central African Republic the amount of 7,730,200 dollars gross (7,496,600 dollars net) for the maintenance and liquidation of the Mission for the period ending 30 June 2000, in addition to the amount of 33,367,875 dollars gross (32,572,675 dollars net) already appropriated under the terms of General Assembly resolution 53/238 and inclusive of an amount of 6,701,900 dollars gross and net authorized by the Advisory Committee under the terms of section IV of Assembly resolution 49/233 A of 23 December 1994;

12. **Decides further** that, in accordance with the provisions of its resolution 973 (X) of 15 December 1955, there shall be set off against the apportionment among Member States, as provided for in paragraph 11 above, their respective share in the Tax Equalization Fund of the estimated additional staff assessment income of 233,600 dollars approved for the Mission for the period ending 30 June 2000;

13. **Decides** to appropriate the amount of 119,726 dollars gross (106,147 dollars net) for the period from 1 July 2000 to 30 June 2001, for the continuation of activities relating to the liquidation of the Mission, inclusive of the amount of 3,396 dollars gross (2,874 dollars net) for the support account for peacekeeping operations and the amount of 530 dollars gross (473 dollars net) for the United Nations Logistics Base at Brindisi, Italy, and decides also that no action be taken on the apportionment of the said amount at this stage;

14. **Decides also** that, for Member States that have fulfilled their financial obligations to the Mission, there shall be set off against their apportionment, as provided for in paragraph 11 above, their respective share of the unencumbered balance of 3,193,900 dollars gross (3,238,500 dollars net) in respect of the period ending 30 June 1999;

15. **Decides further** that, for Member States that have not fulfilled their financial obligations to the Mission, their share of the unencumbered balance of 3,193,900 dollars gross (3,238,500 dollars net) in respect of the period ending 30 June 1999 shall be set off against their outstanding obligations;

16. **Emphasizes** that no peacekeeping mission shall be financed by borrowing funds from other active peacekeeping missions;

17. **Decides** to include in the provisional agenda of its fifty-fifth session the item entitled “Financing of the United Nations Mission in the Central African Republic”.
